

Before Starting the Project Listings for the CoC Priority Listing

The CoC Consolidated Application requires TWO submissions. Both this Project Priority Listing AND the CoC Application MUST be completed and submitted prior to the CoC Program Competition submission deadline stated in the NOFO.

The CoC Priority Listing includes:

- Reallocation forms – must be completed if the CoC is reallocating eligible renewal projects to create new projects or if a project applicant will transition from an existing component to an eligible new component.
- Project Listings:

- New;
- Renewal;
- UFA Costs;
- CoC Planning;
- YHPD Renewal; and
- YHDP Replacement.
- Attachment Requirement

- HUD-2991, Certification of Consistency with the Consolidated Plan – Collaborative Applicants must attach an accurately completed, signed, and dated HUD-2991.

Things to Remember:

- New and Renewal Project Listings – all project applications must be reviewed, approved and ranked, or rejected based on the local CoC competition process.
- Project applications on the following Project Listings must be approved, they are not ranked per the FY 2023 CoC Program Competition NOFO:

- UFA Costs Project Listing;
- CoC planning Project Listing;
- YHPD Renewal Project Listing; and
- YHDP Replacement Project Listing.
- Collaborative Applicants are responsible for ensuring all project applications accurately appear on the Project Listings and there are no project applications missing from one or more Project Listings.
- For each project application rejected by the CoC the Collaborative Applicant must select the reason for the rejection from the dropdown provided.
- If the Collaborative Applicant needs to amend a project application for any reason, the Collaborative Applicant MUST ensure the amended project is returned to the applicable Project Listing AND ranked BEFORE submitting the CoC Priority Listing to HUD in e-snaps.

Continuum of Care (CoC) YHDP Replacement Project Listing

Instructions:

Prior to starting the YHDP Replacement Project Listing, review the CoC Priority Listing Detailed Instructions and CoC Priority Listing Navigational Guide available on HUD's website.

To upload all YHDP Replacement project applications submitted to this Project Listing, click the "Update List" button. This process may take a few minutes based upon the number of YHDP renewal projects submitted by project applicant(s) to your CoC in the e-snaps system.

You may update each of the Project Listings simultaneously. To review a project on the YHDP Replacement Project Listing, click on the magnifying glass next to each project to view project details. To view the actual project application, click on the orange folder. If you identify errors in the project application(s), you can send the application back to the project applicant to make necessary changes by clicking the amend icon. It is your sole responsibility for ensuring all amended projects are resubmitted, approved and ranked (if applicable) or rejected on this project listing BEFORE submitting the CoC Priority Listing in e-snaps.

As stated in the FY 2023 NOFO, CoCs must rank all YHDP Replacement applications for projects replacing YHDP Renewal projects that HUD initially funded in the FY 2016 (Round 1) YHDP Competition.

https://www.hud.gov/program_offices/comm_planning/coc/competition.

WARNING: If you amend project applications back to project applicants to make changes or corrections in e-snaps, you must approve the resubmitted project applications. If you do not approve the resubmitted project applications, they will not be included on your CoC's Priority Listings, which could result in your CoC losing funding. HUD lacks the authority to fund projects unless they are included on the Priority Listings, which tell us which projects your CoC is prioritizing.

Threshold Criteria Chart

#	Area of Focus	Criteria Reviewed	Pass	Pass with Comment	Fail
1	HUD Review	Outstanding HUD compliance issues as reported by HUD to NMCEH for the purpose of the IRC review.	No known unresolved compliance issues.	Compliance issues that are unresolved, but do not put the project at imminent risk of losing funding.	Compliance issues that are unresolved and put the project at imminent risk of losing funding.
2	Fiscal Stability	The agencies two most recently completed financial audits.	No findings on the most recently completed agency financial audit.	Unresolved findings, material weaknesses, or significant deficiencies identified during the most recently completed financial audit.	Unresolved findings, material weaknesses, or significant deficiencies identified during the most recently completed financial audit that are repeated from the previous financial audit and/or are significant enough in volume or nature that the IRC determines that the lack of financial stability puts the agency at risk of being unable to execute and/or operate the project.
3	Monitoring Visit Findings	The project's most recently completed monitoring reports from HUD, the City of Albuquerque (if applicable), the NM Mortgage Finance Authority (if applicable) and NMCEH.***	No unresolved findings, concerns, or corrective actions.	Findings, concerns, or corrective actions listed in monitoring reports that are unresolved.	Findings, concerns, or corrective actions listed in monitoring reports that are unresolved and significant enough in nature that the IRC determines the project is at risk of being unable to operate the project in compliance with HUD regulations and would put the project at imminent risk of losing funding.

4	Unexpended Funds*	Project's current LOCCS drawdown reports showing expenditures for two most recently completed operating years, as well as the drawdowns for the current operating year.	Project has expended a minimum of 90% of the project funds for the most recently completed operating year and are within 30% of expected drawdowns for the current operating year.	Project has expended at least 90% of project funds for one of the two most recently completed operating years, but is not within 30% of expected drawdowns for the current operating year.	Project has expended less than 90% of project funds for the two most recently completed operating years, and is currently not within 30% of the expected drawdowns for the current operating year.**
5	Annual Progress Reports (APR)*	APR submissions in SAGE database and any additional correspondence with HUD surrounding the APR, if applicable.	Project submitted their most recently completed APR on time and with no outstanding and overdue HUD required corrections	Project did not submit their most recently completed APR, or any required corrections, by the HUD required deadline.	Prior to the final ranking decision being made by the IRC, the project has not submitted an APR, and the HUD deadline for response has passed; or has not submitted required corrections, and the HUD deadline for response has passed.
6	HMIS	Project confirmation that they have an active HMIS administrator and HMIS user on staff.	Project has a registered HMIS administrator and user.	Project does not have a registered HMIS administrator and user, but is willing and able to send a staff member to the next available HMIS training.	Project is unwilling or unable to have an active HMIS administrator or user.

7	CES	Project confirmation that they have at least one current staff member who has been trained in conducting the VI-SPDAT.	Project has at least one current staff member trained in conducting the VI-SPDAT.	Project does not have a current staff member trained in conducting the VI-SPDAT, but will send a staff member to the next available training.	Project is unwilling or unable to have a current staff member trained in conducting the VI-SPDAT.
8	Project Policies	Project confirmation that their policies and procedures include the following HUD required policies: Non-discrimination and Equal Access, Child School Enrollment, VAWA, and Affirmative Marketing	All required policies are adopted by the project.	Project is in the process of adopting some or all of the listed policies.	Project is unwilling or unable to adopt the required policies.

*New projects that have not completed a full operating year will automatically “pass” this measure.

**If a project receives a “fail” for this measure, the IRC will consider the viability of the project continuing operations if the portion of funds not being expended is reallocated, rather than the full grant. If considered still viable, the amount reallocated will be calculated based on the current amount that the project is behind in expending funds, rounded to the nearest \$10,000 increment. If the project is considered eligible for renewal through a “pass with comment.” If the project is not considered viable at the listed amount, the entire amount for that project will be reallocated.

***If any of the project is still in process to respond to their monitoring findings or concerns from any funder, they can provide updates to the IRC up to the scoring criteria deadline.
